### **Chair meeting with Mrs. Praed**

Chris had a meeting with Mrs Praed prior to this evening.

The most pressing thing we are raising money for is new outdoor play equipment, Mrs Praed has had a quote of £3600

Concerns were raised around this in regards to the longevity of the equipment, is there a way to make it last any longer than 3-5 years. Being situated in the field the wooden equipment holds onto a lot of moisture, speeding up the rotting process.

Chris is going to speak to Mrs Praed about the concerns raised.

Councillor Karen Glasson is able to fund £500 towards the new equipment when all concerns have been discussed and agreed.

Mrs Praed also mentioned having class representatives in each year group, however she was hoping to have people from outside the pta be able to fill these roles. We have decided to let school approach this idea.

New pta members was discussed, we have had parents leave this year as their children have moved on secondary schools and a couple of new faces join the pta, however we are still in need of new members and helpers. Hopefully having class representatives will be able to help with this issue.

### **New starters**

There is an open afternoon on the afternoon of 9th November to welcome new starters of the September 2024 class. We could go and have a chat and welcome new parents.

### **Next meeting**

Mrs Praed would like to trial a 3.30 meeting in a hope to get some new faces, there will be childcare available for those who will need to bring their children along.

We have decided to have the next meeting to coincide with the new starters open afternoon.

The next meeting will be the 9th November at 3.30 in school.
