

Our curriculum is heavily based on the children's interests and is not a linear process. Optimal learning occurs from those opportunities that are of high interest to the children. Individual Tapestry journals evidence a discrete curriculum that differs between each child. This plan seeks to inform of the adult input sessions across the year and may take a different direction dependent on the interests of the children or important events that may be occurring in our community around us.

<p>Children develop their physical development through access to the outdoor provision for gross motor skills such as balancing, riding and ball skills, going up steps and apparatus, using alternate feet, hop and stand on one leg and hold a pose.</p>						

Children have daily adult led sessions to develop their gross motor skills which include yoga, big movement songs, dough disco, adult-led movement to music.

During continuous provision children have access to a range of resources to support their gross and fine motor skills including funky finger activities (cutting, weaving and threading, manipulating tweezers, pinching etc...), playdough, mark making and construction.

According to their individual needs children are supported to be increasingly independent with their own selfcare needs such as toileting and dressing. Children become confident in using a knife and fork having school dinners in the hall.

Children are supported to identify and make healthy choices with their food and drink choices during daily snack times.

<b>Mathematics (Birth to 3)</b>	I can combine objects like stacking blocks and cups. I can explore colour and colour mixing.  To compare sizes using gestures and language 'bigger/little/small'.	I can react to a change of amount in a group of up to 3 items.  To take part in finger rhymes with numbers.	I can compare amounts saying 'lots', 'more', or 'same'.  I am developing counting-like behaviour, such as making sounds, pointing, and saying some numbers in a sequence.	I can count in everyday contexts, sometimes skipping numbers.  I can compare sizes using gesture and language. Bigger/little/smaller, high/low/tall, heavy/light.	I can complete inset puzzles.  I can build towers with a range of resources.  I can sing nursery rhymes.  I can talk about events in everyday life.

School Drivers  Evidenced in our daily practice, ethos and adult-led sessions	DRIVER 1 To promote and celebrate <u>diversity</u> within the school culture and beyond. An “all welcome” ethos with strong consideration for exposure to images and role models which expand the pupils experience and challenge stereotypes.		DRIVER 2 To promote <u>mental health</u> for all with an emphasis on <u>outdoor learning</u> and immersion in natural environment.		DRIVER 3 To ensure exposure for all to events and learning with high <u>cultural capital</u> , especially for the pupil premium cohort.	

## RE in the nursery

Activities children engage in during their nursery years are experiences which provide the building blocks for later development. Starting with things which are familiar to the children, and providing lots of hands-on activities and learning are an important part of children's learning at this stage.

Some ideas for religious education in the nursery can include:

- creative play, make-believe, role play, dance and drama
- dressing up and acting out scenes from stories, celebrations or festivals
- making and eating festival food
- talking and listening to each other; hearing and discussing stories of all kinds, including religious and secular stories with themes such as goodness, difference, the inner world of thoughts and feelings, and imagination
- exploring authentic religious artefacts, including those designed for small children such as 'soft toy' artefacts or story books
- seeing pictures, books and videos of places of worship and meeting believers in class
- listening to religious music
- starting to introduce religious vocabulary
- work on nature, growing and life cycles or harvest
- seizing opportunities spontaneously or linking with topical, local events such as celebrations, festivals, the birth of a new baby, weddings or the death of a pet
- starting to talk about the different ways in which people believe and behave, and encouraging children to ask questions

Themes which lend themselves to opportunities for RE work include the following:

Myself	People who help us	Special times
My life	Friendship	Our community
My senses	Welcome	Special books
My special things	Belonging	Stories
People special to me	Special places	The natural world

Good teaching in the EYFS will always build on children's interests and enthusiasms as well as their learning and development needs, and themes should be developed accordingly.
