John Denyer has come up with the idea of a Village Events Calendar so all the committees in the village can see what date and theme all the events are so that no two committees overlap etc. - A wonderful idea!

When recruiting new members for the PTA would it be more appealing to give them a task at an event rather than appear overwhelming with meetings, events organisation etc. It might be that people are available for manning a stall at one event rather than sign up to the whole calendar!

The next meeting will be the AGM where hopefully we will see some new faces!!
Monday 9th September. 7pm - location tbd!

Thanks to everyone who has helped, donated or sponsored! You are massively appreciated and we couldn't do it without you!
